COVID Measures

Suzanne Watson

Director of Finance & Administration, World YMCA
World Council Senior Programme Manager, Systems

Participant safety

Participant safety

Participant safety from Covid infection and its effects is of paramount importance at World Council.

The situation is EVOLVING.

The World Council Team is monitoring the situation and will adapt the measures that need to be taken appropriately.

Registration refund

If the In Person event has to be cancelled due to Covid Registration Fees will be fully refunded

REFUND

Before departure

Vaccination is a condition of participation for World Council

This requirement will be maintained even if it is no longer a requirement in Denmark.

Which vaccines are accepted?

THE DANISH AUTHORITIES CURRENTLY ACCEPT THE FOLLOWING VACCINES:

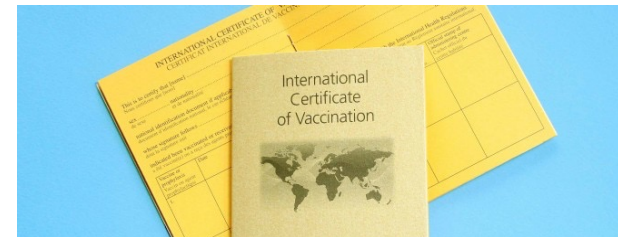

- Pfizer BioNTech (Comirnaty)
- Johnson & Johnson - Janssen Pharmaceutical (COVID-19 Vaccine Janssen)
- Moderna (COVID-19 Vaccine Moderna)
- AstraZeneca (Vaxzevria, formerly COVID-19 Vaccine AstraZeneca).
- Novavax (Nuvaxovid)
- Covishield
- Covaxin
- Sinovac
- Sinopharm

WORLD COUNCIL WILL CONTINUE TO REQUIRE ONE OF THESE VACCINES, EVEN IF THE DANISH REQUIREMENT IS REMOVED

Proof of full vaccination

Delegates must be able to present relevant documentation that they are fully vaccinated. The EU Digital COVID Certificate for vaccination, is also sufficient. The Vaccination certificate must contain:

- Name
- Date of birth
- Name of the vaccine
- Date of completion: dates of the 1st and 2nd jabs (for a vaccination process requiring 2 jabs) as well as date of revaccination if one has been received.

Delegates coming from regions with variants of concern within the past 10 days are not exempt from the requirement for testing and isolation after entry, however currently there are no such countries, regions or areas).

Arrival in Denmark

All Participants are requested to check specific requirements for arrival in Denmark from their country, as the country you arrive from defines if you must take a test and self-isolate in Denmark:

The Link to Danish requirements is on the World Council website:
<https://en.coronasmitte.dk/travel-rules/covidtravelrules>

Arrival in Denmark

Testing

Covid testing is currently free of charge in Denmark. All participants will be given a self test to take when they arrive in Aarhus. If further Covid testing is considered necessary throughout World Council, this will also be arranged for Conference participants.

Mask wearing

Mask wearing is encouraged throughout the conference. If necessary, the wearing of face masks during the conference will be made obligatory. Masks will be provided by the World Council Team.

If further Covid testing is considered necessary throughout World Council, this will also be arranged for Conference participants. i

During the Conference

Space utilisation

The Music House Conference Centre is a world class conference and performance venue, with sanitisation points available throughout. It is subject to regular hygiene cleaning. It takes all possible measures - in line with the directives of the Danish Health Authorities - to ensure a safe and secure conference.

Distancing and participant flow will be managed within the Conference Centre, which is large enough to allow sufficient space between seats in the auditorium, if necessary.

Returning home

Returning to countries of departure

Currently, travellers who need a negative Covid test before boarding their flights home may have a free Covid test in Denmark.

Each participant is responsible for understanding the conditions of re-entry to their return destination.

All participants should have travel health insurance.
